INTERMEDIATE SAILING The class is for the student who wishes to further his or her skills. The emphasis is on boat-handling proficiency. Sailing drills and various games aim to improve abilities. Racing skills are introduced and students participate in Club regattas. Students often choose to take two or more intermediate classes in order to gain new information and become more capable sailors.

RACING SAILING The racing class is for those interested in advancing their skills through competition. The class is taught with classroom chalk talks and a premium of on-the-water practice. Students are encouraged to sail in all regattas. Students are able to compete for season's points trophies in statewide competition sponsored by the Hawaii Youth Sailing Association.
